

Max. Sheet Size	220mm v Infinite I anoth
	330mm x Infinite Length
Max. Sheet Weight	350gsm
Laminating Films	38 Micron, 50 Micron, 80 Micorn, 125 Micron
Laminating Film Type	Gloss, Matte
Laminating Speed	Adjustable up to 1.5 Metres Per Minute
Temperature	Variable, Digital LCD: 0 - 130 Degrees Celsius
Warm-up Time	5 minutes
Power	240V - Standard UK 13A Plug
External Dimensions	W - 1,340 x D - 570 x H - 1,080mm (Setup & Operational Sizes)
Weight	75Kgs without Film
Feeder Tray Capacity	200 sheets

COMMON SHEET SIZES		
A5	210 x 148.5mm	
A4	297 x 210mm	
A3	420 x 297mm	
SRA3	450 x 320mm	
Min. Sheet: W x L	196 x 145mm	
Max. Sheet: W x L	330 x Infinite (Long Mode)	

#### ACCESSORIES

Feeder Tray, Extension Tray, Stacker, Power Cable, Instruction Manual, Trash Can, Stand, Stand Assembly Manual, Tools (for stand assembly), Screws (for stand assembly)

## The Next Generation Full Automatic Lamination with Four Side Trimming

# **Revo Flex**

# Four side trim function and fully automatic double-sided lamination.

Join the revolution with the all new **Revo Flex** fully automatic laminator. The **Revo Flex** 4 side trimming system allows for true flush cuts or encapsulating a sheet with lamination. The position of the cuts are fully adjustable to create perfect flush cuts or custom size encapsulation borders. No need for additional processing to trim all 4 sides of a sheet. Feeding, laminating, cutting and trimming are now fully automated with the press of the start button.

Sheet Feed Skew Adjustment

## The Next Generation Laminating System.

#### New various run modes

to reduce or eliminate trimming waste. 70% less trim waste than other systems even when running in full trim mode. No waste mode totally eliminates between the sheet trim when encapsulating sheets.

## **Reliable Feeding System**

with adjustable resist roller pressure to stop multi- sheet feeds over a range of paper stocks from 64gsm to 350gsm cover weight.

## **Adjustable Speed**

from 0.6 to 1.5 Metresper minute allowing you to create perfect dwell time for your particular sheet weight and film thickness.

## **Easy to Use Touch Panel**

puts all user adjustments at your fingertips like setting trim margins, adjusting speed, setting temperature, and other controls.
