to  
0,5 mm

## Output:

Max. laminated A4  
sheets per hour  
96 (133 Express  
pouches)

Performance is dependent on the machine model, the product type, the working environment and the operator.

- Easy operation with acoustic and optical ready indicator
- For cold and hot lamination (cold 80 / 100 / 125 mic.)
- Laminates 480 mm/min.
- Standby switch

Article no.	343300900
Working width	330 mm
Min. pouch thickness	2 x 75 microns
Max. pouch thickness	2 x 125 microns
Warm up time	ca. 45 s / 80 mic ca. 60 s / 125 mic
Variable speed	No
Laminating speed	480 mm/min
Cold lamination	Yes
Photo lamination	Yes
Stand by function	Yes
Reverse function	Reverse-Motor
Carrier required	No
Number of heated rollers	2 rolls hot (hot shoe) 2 rolls cold
Machine dimensions L x W x H	470 x 146 x 123 mm
Machine weight	2.8 kg
Power requirement	220/240V / 50Hz 1200W (Ø 650 W) 6,0 A / Ø 2,8 A

Technical modifications may be made without notice. Performance is dependent on the product type, the working environment and the operator.
